

EDUCATION & TREATMENT PHILOSOPHY

- Dr. Matthew Igbinigie is an orthopedic surgeon **fellowship-trained in spine surgery**. He evaluates and treats general musculoskeletal conditions as well as disorders of the cervical, thoracic, and lumbar spine.
- He completed his orthopedic surgery residency at **UT Southwestern Medical Center in Dallas**, followed by **advanced fellowship training in spine surgery** at the **University of Southern California in Los Angeles**.
- His training includes the treatment of **general orthopedic conditions, neck and back pain, sports and overuse injuries, arthritis**, and both **nonsurgical and surgical treatment of spinal conditions**.
- Dr. Igbinigie believes surgery is not always the first answer. He works closely with each patient to create a personalized treatment plan, using the least invasive option whenever possible to relieve pain, restore function, and improve quality of life.

Dr. Igbinigie's team is fluent in English and Spanish

Dr. Igbinigie is fluent in English and conversational medical Spanish
